

Kitten Sales Agreement

This agreement is between Lapdolls Ragdoll Cattery, Vancouver, Washington ("we") and the Buyer below ("you"). It covers a kitten sold as a pet with no breeding rights.

1. The parties and the kitten

Seller: Lapdolls Ragdoll Cattery, Alla Pankratova, Vancouver, WA. lapdolls@gmail.com.

Buyer: _____

Address: _____

Phone: _____ **Email:** _____

Kitten: _____ **DOB:** _____ **Sex:** _____

Color and pattern: _____ **Sire:** _____ **Dam:** _____

Microchip: _____ **Registry (TICA or CFA):** _____ **Pick-up date:** _____

2. Price and payment

1. Price \$2,500, which includes spay or neuter surgery, microchip, vaccinations given while with us, registration papers and the guarantee below.
2. A \$500 non-refundable deposit reserves the kitten and comes off the price. If you cancel, it moves to a kitten from an upcoming litter. If we cannot deliver this kitten, you choose a full deposit refund or another kitten.
3. The \$2,000 balance is due at pick-up by Zelle or cash. If you have not collected the kitten within 14 days of the agreed date and have not arranged a new one with us, the deposit is forfeited and the kitten is relisted.

3. What your kitten comes with

Spayed or neutered and microchipped before pick-up. Age-appropriate FVRCP vaccinations and deworming, with a written record. TICA or CFA registration papers at pick-up (pedigree copy on request at extra cost). Kittens go home at 13 to 15 weeks, raised in our home, socialized and litter trained. The microchip is transferred to you; keep it current. Our breeding cats test negative for FeLV and FIV. We do not give the FeLV vaccine and advise against it for an indoor-only cat.

4. Pick-up

You collect the kitten at our home, at Portland International Airport, or through a pet flight nanny you arrange and pay for. The kitten is your responsibility from the moment it is handed to you or your nanny. If you take it to another state, that state's animal entry rules are yours to meet.

Buyer initials: _____

5. Health guarantee

1. **First 72 hours.** Have a licensed vet examine the kitten within 72 hours of pick-up, at your cost, and keep it away from other pets until then. If the vet finds a serious illness or defect present at sale, return the kitten within those 72 hours with the vet's signed findings for a full refund. A mild cold after the move is not grounds for return. If you keep the kitten or skip the exam, this protection ends.
2. **Three years against inherited disease.** If the kitten dies or is euthanized because of an inherited (genetic) disease within three years of pick-up, we replace it with a kitten of equal value from the next available litter, on written notice and a vet's autopsy report. If it is diagnosed with a serious inherited disease it lives with, such as HCM or PKD, confirmed in writing by a board-certified specialist (for HCM, a cardiologist by echocardiogram) or by a DNA test, we replace it and you keep your cat. We may ask for a second opinion at our cost.

3. **What is not covered.** Injury, accidents, poisoning, FIP, or any illness picked up after the kitten leaves us. This is a replacement guarantee: no cash refunds, and no vet, diagnostic or transport costs. It ends if the cat roams outdoors, is declawed, is neglected, or is given an FIP vaccine. If you choose an FeLV vaccine, that is between you and your vet and we do not cover what follows it. We do not cover reactions to any vaccine or treatment given after pick-up.

Buyer initials: _____

6. Your promises

1. Indoor cat, never allowed to roam outdoors. Never declawed. Never bred.
2. Good care: a clean home, fresh water, quality food, a litter box per cat cleaned daily, a scratching post, regular vet care and vaccinations. Never kept in a cage.
3. Never sold, leased or given to a pet shop, lab, shelter or another breeder.
4. Your kitten was raised on Life's Abundance; we recommend staying with it, and switching gradually over 7 to 10 days if you change.
5. We may ask for an occasional photo or update, and may share photos you send on our website and social media unless you tell us not to.

7. If you cannot keep the cat, or break this agreement

Contact us first, at any age and for any reason. We take the cat back; transport is at your cost and there is no refund. Never rehome it yourself or surrender it to a shelter. If the cat is neglected, mistreated, or you break any promise here, we may require its return at your cost with no refund, you will sign any registry transfer paperwork, and we may take legal action.

8. The legal part

Once the kitten is in your care, every cost of owning it is yours except where section 5 says otherwise, and our total liability is limited to what you paid us. No refunds for allergies, landlords, family objections, change of mind or behavior. Washington law applies; we will try to settle any dispute between ourselves first, and any claim belongs in the courts serving Clark County, Washington, with reasonable attorney fees to the winning party. This is our whole agreement, replacing anything said or written before it, including the website; it can only be changed in writing signed by both of us, it binds our heirs and successors, and if any part is unenforceable the rest stands. Neither of us is liable for delay caused by events outside our reasonable control.

9. Signatures

By signing, we each confirm we have read and agree to this agreement.
